Subject: High Cost of flights

Good Morning,

Due to High cost of airfares from Kununurra to Perth it makes it difficult for me to see my family who live in Perth.

As a single mother this affects me dearly as its very hard to afford financially. My son schools in Perth which we are very fortunate to get an indigenous scholarship however at every mid term break 3 times per year he is required to fly home to Kununurra and I have to pay around \$1000 each flight to bring him home for 4 days while the boarding house is closed.

This is an amazing part of Australia and I think everybody should have the opportunity to visit this unique part

Regards
Erin Gellie
