

A Numerical listing of Members of the Legislative Council since 1890

1890 saw the establishment of responsible government in Western Australia. Since then approximately 800 men and women have served as members of the Legislative Assembly or the Legislative Council. Recently elected members share a lineage with those who've served before them. This list is intended to be a reminder of that lineage, recording the place of all members of Parliament in the parliamentary corporate memory by listing them in the order in which they were elected. Each member has been assigned a number to reflect his/her rank at the time of their initial election.
