“The present rate received by the timber workers is £4 3s. per week. I regret to say that during the last 12 months it has been as low as £4 1s per week. I wish to say a word for the staff employees on the mills. There is no award governing them. In many centres they work long hours, and the conditions are not what they should be. I am pleased to note that the Government have decided to give the timber workers in their employ a 44-hour week.”
