## STATEMENT FROM THE CHAIRMAN

---

I'm pleased to present the Land Valuers Licensing Board's Annual Report for the past financial year. Throughout the year the Board has continued to provide an effective service to both consumers and the industry, amidst a period of economic and prospective regulatory change.

The Council of Australian Governments has affirmed their commitment to a national licensing system over a range of occupational areas, including land valuers, over the next few years. The Board are dedicated to ensure the current industry standard is maintained and that no adverse effects are experienced by the community.

The Board has continued a high level of activity during the year taking an increasingly proactive approach to its regulatory role. Most significantly, the Board has actively pursued opportunities to improve the legislative framework within which land valuers operate, seeking to clarify legislative ambiguities and to improve the effectiveness of licensing and investigations carried out under the Act. I would like to thank all Board members for giving a strong commitment to their role on the Board.

As in previous years, there have been a relatively small number of complaints over the course of the year. No systemic issues were identified from the complaints received however the Board lodged one application to State Administrative Tribunal for disciplinary action against a licensed valuer.

The Board continued to utilise e-bulletins as an effective means of encouraging awareness of current issues facing licensees and the industry. The six monthly newsletters were also successful in keeping licensees informed of issues that arose from the complaints and policy developments throughout the year.

On behalf of the Board and myself, I wish to acknowledge the continuing support provided by the Minister for Commerce, Hon Troy Buswell MLA. I also wish to acknowledge those officers in the Department of Commerce who assist the Board in carrying out its statutory functions.

Bryan Gardiner

**CHAIRMAN**

## THE LAND VALUERS LICENSING BOARD

---

### ROLE AND FUNCTIONS OF THE LAND VALUERS LICENSING BOARD

The Land Valuers Licensing Board (“the Board”) is a licensing and supervisory authority, established under the *Land Valuers Licensing Act 1978* (“the Act”), for people who conduct valuations of land. The Board is responsible to the Minister for Commerce.

The Act and the Land Valuers Licensing Regulations 1979 (“the Regulations”) set out the licensing requirements for land valuers. The Act also invests the Board with the authority to inquire into whether a licensed valuer has complied with the Act and make allegations to the State Administrative Tribunal (“SAT”) that there is proper cause for disciplinary action against a licensed land valuer.

Pursuant to the Act, the Board, with the approval of the Minister, can establish a Code of Conduct (“the Code”) that provides for enforceable standards of conduct for land valuers and fix maximum amounts of remuneration for the various services rendered by licensed valuers. The Board also contributes to the public policy agenda by making recommendations on legislative matters to the Minister.

### COMPOSITION OF THE BOARD

The Act requires that the Board be comprised of members with a range of legal and valuation expertise. The composition of the Board and the qualifications relevant to each position are prescribed in Section 6 of the Act as follows:

- (a) a Chairman who is a legal practitioner or a barrister or solicitor of the Supreme Court of another State or Territory of not less than seven years’ standing who is nominated by the Minister from a panel of names submitted by the Law Society of Western Australia [section 6(1)(a)];
- (b) one member who is nominated by the Minister [section 6(1)(b)];
- (c) two members who are experienced in the valuation of land, are members of the Australian Property Institute, and are nominated by the Minister from a panel of names submitted by the Western Australian Division of that Institute [section 6(1)(c)];
- (d) one member who is experienced in the valuation of land, is a member of the Australian Property Institute, and is nominated by the Minister from a panel of names submitted by the Real Estate Institute of Western Australia [section 6(1)(d)].

Each member may be appointed for a period of not more than four years and is eligible for re-appointment. The Governor may appoint a person as the deputy of a member.

### **BOARD MEETINGS**

The Board held 13 meetings during the financial year. The Board generally meets every month and considers matters such as applications for land valuers licences, policy and legislation issues, industry education issues, compliance matters and, where required, applications for disciplinary proceedings against licensed valuers.

### **BOARD SERVICES**

The Department of Commerce ("the Department"), through its State Government budget allocation, funds the provision of services to the Board.

## ORGANISATIONAL STRUCTURE

---

## LICENSING

---

### LICENCE REQUIREMENTS

The Board may grant a land valuers licence to an individual who meets the requirements of the Act and the educational requirements prescribed in the Regulations.

Applicants for a land valuers licence must apply under one of three categories:

- (a) As a member of the Australian Property Institute [s. 19(b) of the Act]; or
- (b) As the holder of a prescribed degree, diploma, certificate or other award who has also had:
  - (i) two years' satisfactory practical experience in the valuation of land immediately preceding the date of application; and
  - (ii) a total of not less than four years' satisfactory practical experience in the valuation of land within the ten-year period immediately preceding the date of application [s. 19(c) of the Act]; or
- (c) As a person who has previously held a licence under the Act within the period of five years immediately preceding the date of application [s. 19(d) of the Act].

The following degrees are prescribed under s. 19(c) of the Act:

- Degree of Bachelor of Commerce (Property) awarded by the Curtin University of Technology;
- Degree in Bachelor of Business (Valuation and Land Administration) awarded by the Western Australian Institute of Technology;
- Degree in Bachelor of Business (Valuation and Land Economy) awarded by the Western Australian Institute of Technology; and
- Degree in Bachelor of Business (Valuation and Land Economy) awarded by the Curtin University of Technology.

In Western Australia, the only degree currently offered is the Bachelor of Commerce (Property), awarded by the Curtin University of Technology.

Alternatively, the following categories of membership of the Royal Institution of Chartered Surveyors (RICS) are also prescribed qualifications under s. 19(c) of the Act:

- Membership as a Chartered General Practice Surveyor (obtained before 1 January 2000);
- Membership as a Chartered Valuation Surveyor; and
- Membership as a Chartered Commercial Property Surveyor.

The Board may also grant licences pursuant to the *Mutual Recognition (Western Australia) Act 2001* where a person has an equivalent licence or registration in another jurisdiction. Presently Queensland and New South Wales are the only other Australian States or Territories that register land valuers.

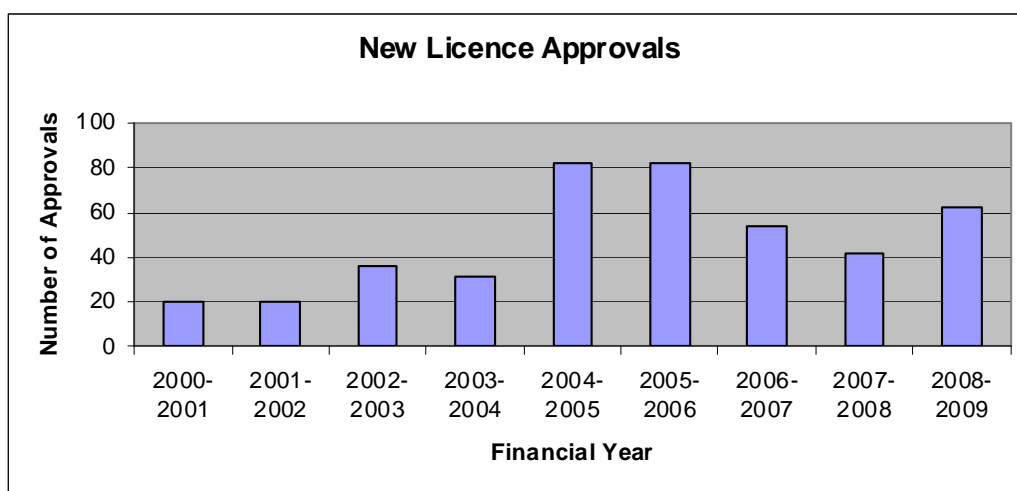

## NUMBER OF LAND VALUERS

At 30 June 2009 there are 717 land valuers licensed in Western Australia.

## NEW APPLICATIONS

Licences are granted on a triennial basis (ie for a three year period). During the year, 62 applications for new licences were granted, of which approximately 32 per cent were granted pursuant to the *Mutual Recognition (Western Australia) Act 2001*. No applications were declined.

The graph below shows the number of new applications for a land valuers licence in the past eight years.

## OBJECTIONS

In accordance with the provisions of the Act, any person may lodge an objection to the grant of a licence. The Board has jurisdiction for receiving and considering objections to the grant of a licence. However, there were no objections lodged during the year.

## LICENCE RENEWALS AND EXPIRIES

Land valuers have up to 28 days after the expiration of their licence to make an application for renewal for a further three-year period. A late fee applies to land valuers lodging their renewal applications within this 28-day period.

During the year there were 386 licence renewals and 45 land valuers' licences were either expired or surrendered during the period.

## MUTUAL RECOGNITION

As noted above, land valuers licensed in other Australian jurisdictions may obtain a Western Australian licence under the provisions of the *Mutual Recognition (Western Australia) Act 2001*. The Board has raised with the other State authorities, as well as the Department of Commerce, its concern that licensing requirements should be consistent across jurisdictions to ensure that professional standards and consumer protection are maintained.

In July 2008, the Council of Australian Governments (COAG) agreed to establish a national trade licensing system. This system will be applied across a range of economically important trades, including property agents. Land valuers will fall within this category. Under this system mutual recognition of licensed land valuers will not be necessary as licensed valuers would be permitted to practise within any Australian jurisdiction.

## INVESTIGATIONS

---

The Board relies on the Department of Commerce to conduct investigations into complaints received against licensed land valuers. The departmental staff conducting these investigations do so under the authority of the Act.

Investigations generally focus on the valuer's application of proper practices and principles of valuation rather than the actual valuation figure. Due to the subjective nature of valuation and the fact that it is a professional opinion, the valuer's client may not agree with the actual value provided. Neither the Land Valuers Licensing Board nor the Department of Commerce has the power to resolve a question about the validity of the amount of value or the consequences of a person's reliance upon the valuation. Nor can the Board or the Government deal with claims relating to financial losses. These must be made through the courts.

Where a complainant is able to provide reasonable evidence of alleged breaches of the Act, Regulations or Code of Conduct a complaint should be lodged with the Board.

The Board receives a compliance report outlining the nature and status of all ongoing investigations for discussion at its meetings. Since departmental investigators are not qualified land valuers, as part of the investigation process, independent land valuers may be engaged to audit or provide a critique of a valuation which is the subject of a complaint. The Board has a forensic procedure which provides guidance to the investigators and instructions to those independent valuers.

### COMPLAINTS AGAINST LAND VALUERS

During the year, 8 complaints were received which is generally lower than the number of complaints received in recent years. No serious systemic industry problems were identified in these complaints.

### **STATE ADMINISTRATIVE TRIBUNAL DISCIPLINARY INQUIRIES**

Where a complaint indicates a breach of the Act, Regulations, or Code of Conduct, and the investigation and legal advice supports further action, the case will be brought to the Board with a recommendation that may include an application to the State Administrative Tribunal (SAT) for a disciplinary inquiry.

If SAT is satisfied after conducting an inquiry that proper cause exists for a licensed land valuer to be disciplined, it can:

- (a) reprimand or caution the licensed valuer;
- (b) impose a fine not exceeding \$10,000 on the valuer;
- (c) suspend or cancel the valuer's licence and, in addition, disqualify the valuer either temporarily or permanently, or until the fulfilment of any condition which may be imposed by SAT, from holding a licence.

While SAT has the statutory authority to discipline licensed valuers where proper cause exists, it does not have the statutory authority to award compensation to persons who may have suffered civil damages. Persons seeking compensation from land valuers for alleged civil damages must do so by undertaking independent legal action.

Persons who consider they have suffered a loss as a result of a licensed land valuer's alleged negligent or incompetent actions are nevertheless encouraged to notify the Board of any concerns they may have regarding the conduct of licensed valuers, so that those concerns may be investigated and, where appropriate, disciplinary action taken.

## LEGISLATION

---

### PROPOSED LEGISLATIVE AMENDMENTS

For several years, the Board has maintained a record of suggested legislative changes. In part, these have arisen from various matters presented to the Board, investigation of complaints against valuers and comparisons with legislation in other jurisdictions and with other occupational licensing regimes.

During the year the Board undertook a number of initiatives towards enacting these proposed amendments. These will be ongoing throughout the 2009-2010 financial year.

### LAND VALUERS CODE OF CONDUCT

The Board may, with the approval of the Minister, prescribe a Code of Conduct under section 26 of the Act. The Code is an important method of regulating the operations of licensed land valuers and is legally binding. The Code was last reviewed and gazetted in May 2007. The next review is intended to be completed by the end of the 2009/2010 financial year.

### MAXIMUM REMUNERATION FOR LAND VALUERS

The Act provides that the Board may, with the approval of the Minister, by notice published in the Government Gazette fix the maximum amounts of remuneration for the various services rendered by licensed land valuers. The remuneration notice was last amended and gazetted in June 2007. During the year the Board commenced a review of the maximum remuneration for land valuers. This is projected for completion in late 2009.

While the notice sets the *maximum* fee that can be levied by a licensed land valuer, it is important to note that market forces are such that many valuers may charge fees less than those allowed under the notice.

It is also worth noting that some of these fees are established on an hourly rate. The Board believes that it is prudent business practice for valuers to provide an estimate of, or cap, the costs where appropriate. Such an arrangement minimises the risk of a fee-related dispute arising with the client.

## PRESCRIBED FEES

The State Government prescribes the fees that apply to licensing and other services provided by the Board. The Board notes that the prescribed fees were amended from 1 July 2009.

<b>LICENCES</b>	<b>TO 30 JUNE 2009</b>	<b>FROM 1 JULY 2009</b>
Application fee and grant of a licence for a 3 year period	\$660	\$688
Renewal fee for a 3 year period	\$660	\$688
Fee for duplicate licence	\$30	\$30
<b>OTHER</b>		
Inspection of register of licensed valuers	\$10	\$10
Certificate of individual registration (each subsequent page)	\$10 \$2	\$10 \$2
Certificate of all registrations in the register	\$122	\$122

## EDUCATION AND AWARENESS

---

### INTERNET WEBSITE

The Land Valuers Licensing Board website, [www.commerce.wa.gov.au/landvaluers](http://www.commerce.wa.gov.au/landvaluers), continues to be a point of interest and an ideal form of communication in respect to the activities of the Board and general information for the industry and public.

The website provides information on a range of issues including:

- The Board and its functions;
- Legislation;
- Inquiries;
- Licence application forms;
- Register of licensed land valuers;
- Helpful hints for persons using the services of a land valuer; and
- Links to other related sites.

### NEWSLETTER

The Board published its first newsletter in December 2006. This has continued to be produced twice a year, with the current newsletter sent in July 2009. The newsletter is distributed to all licensed land valuers and other interested parties and is also available on the website.

The newsletter provides licensed valuers with information including licensing matters, relevant case studies arising from completed investigations and emerging trends or policy issues.

### E-BULLETINS

The Board commenced the issue of e-bulletins in May 2007 to licensed valuers who have provided the Board with details of their email address. The Board continued to use e-bulletins as a method of communication throughout the 2008-09 financial year. These e-bulletins serve as a supplement to the newsletter and also enable the Board to provide timely updates on emerging issues affecting the industry.

### PUBLICATIONS

Copies of the information leaflet entitled *Land Valuers* for persons using the services of a land valuer are available from the Department of Commerce and on the Board's website. This publication was last reviewed and updated over the course of the 2007-08 financial year.

#### TELEPHONE AND COUNTER SERVICE

The Department provides both a counter and telephone advice service to the public, on behalf of the Board. Both services are available during business hours for advice about the licensing and regulation of land valuers.

#### STAFF TRAINING INITIATIVES

The Department provides training for staff in respect to their specific tasks and also for general customer services and process improvement.

## PROPOSALS FOR IMPROVED PERFORMANCE AND FORECASTS OF THE WORKLOAD IN THE COMING YEAR

---

As noted above, the Department of Commerce provides all administrative and support services to the Board through the Finance and Valuation Industries Branch which also regulates the finance broking and credit providing industries.

The Council of Australian Governments (COAG) has agreed that responsibility for all consumer credit regulation (including licensing or registration of finance brokers) will be transferred to the Commonwealth Government. This transfer is expected to occur in late 2009. As such, the support services provided to the Board will be restructured but will remain within the Consumer Protection Division of the Department of Commerce.

## REVENUE AND EXPENDITURE

---

The Board is not a statutory authority for the purposes of the *Financial Administration and Audit Act 1985*.

All licensing fees paid by licensed valuers are collected and brought to account by the Department and credited to the consolidated fund at State Treasury. The costs of maintaining the operations of the Board are met from funds appropriated by Parliament for the purposes of the Department. Amounts of income and expenditure are incorporated in the accounts of the Department and are published in the Department's Annual Report.

Section 175ZE of the *Electoral Act 1907* requires public agencies to report details of expenditure to organisations providing services in relation to advertising, market research, polling, direct mail and media advertising. The Board has not incurred expenditure of this nature.
