Dear Mr Woodhams

I have been advised by the Office of Heritage of an error in the 2010/11 Annual Report of the Heritage Council of Western Australia, which I tabled in Parliament on 21 September 2011.

The Key Efficiency Indicator 2010/11 Target dollars included in the Annual Report on pages 17 and 80 are incorrect.

Due to an error in data transposition, the 2010/11 Estimated Actual figures were copied from the Budget Papers, and not the 2010/11 Budget Target figures, as noted in the tables below.

Incorrect Figures (as per Annual Report tabled)

Key Efficiency Indicators	2010/11 Target \$	2010/11 Actual \$	Variation \$
Average cost of place assessments	7,622	6,669	(953)
Average cost of maintaining Heritage Register	230	218	(12)
Average cost of development referrals	324	309	(15)
Average cost of grants/incentives administered	1,641	2,881	1,240

The following details the correct figures to replace the above incorrect figures on pages 17 and 80 of the Annual Report.

Correct Budget Target figures:

Key Efficiency Indicators	2010/11 Target \$	2010/11 Actual \$	Variation \$
Average cost of place assessments	7,811	6,669	(1,142)
Average cost of maintaining Heritage Register	201	218	17
Average cost of development referrals	306	309	3
Average cost of grants/incentives administered	2,379	2,881	502

I respectfully request you authorise for this correction to be made to the Heritage Council's Annual Report 2010/11.

Yours sincerely
