2010/11 ANNUAL REPORT – METROPOLITAN HEALTH SERVICE

In accordance with section 65 of the *Financial Management Act 2006*, I advise the House that I am unable to table a copy of the 2010/11 Annual Report for the Metropolitan Health Service within the prescribed 90 day period.

The Audit Opinion and stamped Key Performance Indicators and Financial Statements were received by the Department of Health from the Auditor General's office at 4.50pm on Friday 23rd September 2011. Since that time Department of Health staff have worked very long hours to incorporate these documents into the reports, complete the reports and have them printed. The 2010-11 Metropolitan Health Service Annual Report went to the printer at 11.15am today and I anticipate delivery to my office by 30 September 2011.

I expect to table the Annual Report on 18 October 2011.
