(f) It is the Government's general policy that fees and charges levied by Government agencies should, wherever practical, recover the full costs of service delivery. In the majority of cases, for hospital services, full cost recovery is not achieved. Increases in fees and charges in excess of CPI reflect higher cost growth in the delivery of those services than in the general economy due to factors such as, ageing population, people living longer, greater medical intervention and increased technology. For this reason, a 'Health Cost Index' is applied.

(g) The current amounts of hospital accommodation fees and charges for 2011-12 are as follows:

Schedule of Hospital Fees and Charges	2011-12 Hospital Fees and Charges OD 0328/11

(f) The above increases were greater than CPI, due to the 2009-10 review and assessment of the full costs of administering the licensing functions to Private Hospitals and Private Psychiatric Hostels, which resulted in the above substantial re-adjustments to the licensing fees to meet government policy on cost recovery.

(g) The above table reflects the current amount of licensing fees under column (a) and including rows (g).

Accountable Authority: Animal Resources Authority – Fees for the Sale of Live Mice and Rats

(1) Yes.

(2)

(a) Charges for the sale of live mice and rats to interstate and overseas clients and other services exceed the consumer price index (CPI).

(b) January 1, 2009 5%;

January 1, 2010 4%, and
January 1, 2011 4%.

(c) Please refer to the attached price lists.

(d) Please refer to the attached price lists.

(e) 2009 Fees for the sale of live mice and rats were set 0.8% above CPI;
2010 Fees for the sale of live mice and rats were set 1.9% above CPI, and
2011 Fees for the sale of live mice and rats were set 1.0% above CPI.

(f) Charges were set above the consumer price index to ensure that the Authority's operational and capital requirements remain self-sufficient and do not require Government funding.

Ordering Procedures

Specific **conditions of sale** apply to the purchase of animals from the Animal Resources Centre. These can be viewed at www.arc.wa.gov.au . Animals will only be supplied when an Animal Ethics Committee approval number is provided.

In order to supply promptly, sales are usually made on the basis of telephone orders without written documentation. Any provision of a purchase order or confirmation which contains additional or conflicting information to the telephone order will not be binding on us. Please consider this when placing your order.

Cancellation of Orders

It is a policy of the Animal Resources Centre that once an order is placed by a customer it is a binding contract. We accept that orders may have to be cancelled but we will not accept a cancellation immediately prior to delivery or if animals have been specifically held or bred for the order. If an order is cancelled under these circumstances the customer will be invoiced for the cost of the animals.

Age of Animals: Birth dates of production animals are not recorded. Mice and rats are maintained in age cohorts relative to the week in which the animal is weaned. Weaning occurs during the week the animal reaches 21 days of age. If exact age is required we will set up a specific order. Add 10% to the list price per animal.

Please note that mice and rat stocks are held to 8 and 12 weeks respectively. Prior notice is required for animals older than this. For mice 13 - 26 weeks add \$0.75 per week and for rats 13 - 26 weeks add \$2.45 per week. For animals older than 26 weeks please ask for a quotation.

Surcharge: A surcharge of 10% will be incurred for animals ordered within a weight range or age range not otherwise specified in this price list. Animals are shipped at the body weight requested but fluctuations will occur normally during transit and we cannot guarantee actual bodyweight on arrival.

Pre-mated animals: Mating is determined by observation of a vaginal plug. **Day 0 of pregnancy is the day the vaginal plug is seen.** We are able to guarantee that 100% of mice and rats supplied after day 14 post-mating will be pregnant, however loss of litters can occur during transport. **Conditions of sale for time mated animals can be viewed at www.arc.wa.gov.au .**

Credit Policy: Please ensure that your order is correct on receipt. In the event of losses in transport or abnormalities in the order please notify the Centre within 24 hours. Replacement of stocks or credit will be negotiated. No responsibility will be accepted for late notification.

The Animal Resources Centre can under no circumstances accept the return of animals after despatch as they cannot be returned to the SPF barrier production units.

Our terms of credit on accounts payable is 30 days.

A 10% surcharge will apply to all accounts in excess of 60 days

Prices include 10% GST (Australian Goods and Services Tax)

GST does not apply to International sales.

Embryo Rederivation of rodents - indicative costs

Rederivation of mice consists of a series of steps dependent on the strain reproductive characteristics and number of breeders supplied. A comprehensive quote is provided when these details are known. An indicative costing is outlined to produce 5 pairs.

Maintenance to build colony to supply donors (supplied 3 pairs producing 5-6 pups per litter)	\$1,132
Maintenance of colony from first ET until full health clearance of rederived pups	\$2,376
Embryo Transfer 3 sessions (extra sessions \$390 each)	\$1,285
Housing in mini isolators 8 weeks until health clearance to transfer to ARC (cost waived)	\$0
Comprehensive Health Testing	\$1,210
Indicative total embryo rederiving to be maintained at the ARC	\$6,003
Housing in mini isolators for 8 weeks until health clearance before transfer to Customer facility	\$1,499
Indicative total to rederive for transferring to customer facility	\$7,502

Caesarian rederivation can be undertaken if strain is not suited to embryo transfer, but pasteurella may not be eliminated.

Barrier Maintenance charges

Mice \$8.08 per box per week basic husbandry

Rats \$12.12 per box per week basic husbandry

Additional services are provided on a fee for service or technician time basis.

Cryopreservation of Embryos

The total cost varies with the strain, reproductive performance and number of embryos required.

A comprehensive quote is provided when these details are known.

Cryopreservation of Sperm

2 freezing sessions including control strain (extra sessions \$137) + 2 cell validation	\$707
Validation to live pup (optional)	\$678
Test mate 10 donor males and maintenance 5 weeks (optional)	\$1,394

Embryo Rederivation of rodents - indicative costs

Rederivation of mice consists of a series of steps dependent on the strain reproductive characteristics and number of breeders supplied. A comprehensive quote is provided when these details are known. An **indicative** costing is outlined to produce 5 pairs.

Maintenance to build colony to supply donors (supplied 3 pairs producing 5-6 pups per litter)	\$1,080
Maintenance of colony from first ET until full health clearance of rederived pups	\$2,268
Embryo Transfer 3 sessions (extra sessions \$408 each)	\$1,226
Housing in mini isolators 10 weeks until health clearance to transfer to ARC (cost waived)	\$0
Comprehensive Health Testing	\$1,155
Indicative total embryo rederiving to be maintained at the ARC	\$5,730
Housing in mini isolators for 10 weeks until health clearance before transfer to Customer facility	\$1,431
Indicative total to rederive for transferring to customer facility	\$7,161

Caesarian rederivation can be undertaken if strain is not suited to embryo transfer, but pasteurella may not be eliminated.

Barrier Maintenance charges

Mice	\$7.71	per box per week basic husbandry
Rats	\$11.57	per box per week basic husbandry

Additional services are provided on a fee for service or technician time basis.

Cryopreservation of Embryos

The total cost varies with the strain, reproductive performance and number of embryos required.

A comprehensive quote is provided when these details are known.

Cryopreservation of Sperm

2 freezing sessions including control strain (extra sessions \$144) + 4 cell validation	\$675
Validation to live pup (optional)	\$647
Test mate 10 donor males and maintenance 5 weeks (optional)	\$1,330

Animal Transportation

Delivery boxes - IATA approved shippers:

National	large	\$19.95	With divider add \$8.70
