Notes:

(1) Data includes mental health attendances admitted to the Emergency Department Observation Ward / Area for the Period 1/3/2011 to 29/2/2012.

(2) Health information is considered identifiable when it either directly identifies an individual or has the potential to indirectly identify an individual based on a combination of identifiers or based on small cell sizes. A cell size is considered small if the result in a statistical table shows a value that is less than 5.
