- 
- 1) Data Source: HR Data Warehouse.
  - 2) Head count data extracted on 11 June 2013.
  - 3) Occupational groups are based on financial account codes.
  - 4) Resigned, retired, terminated and voluntary redundancy are based on 'Employee Status' and includes:  
Dismissed (S09 or TEDIS); Resigned (S06 or TERES); Retirement (S07 or TERET); Retirement Ill health (TROGH); Retirement Family Responsibility (TRFMR); Voluntary Redundancy (S11 or TEVRE).  
Staff are not made redundant in the Public Health System. When a position becomes redundant, the staff occupying the position is offered a voluntary redundancy, hence only voluntary redundancies are included.
  - 5) Nurses include Enrolled Nurses and Enrolled Mental Health Nurses. Excludes assistants in nursing and dental assistants.
  - 6) Headcount:  
Headcount is for staff employed by Department of Health (DOH) only and excludes agency.  
Headcount is calculated as the number of persons employed by DOH only and paid in the last pay period of the month specified.  
DOH employees can be employed across multiple sites and are therefore represented as a headcount at each site of employment.
  - 7) Includes Permanent staff only.
  - 8) Dots in table cells represent a value of zero.
