

**LA QON 2373**

(a) The schools closest to the crash site and the date of the incidents were:

	<b>School Name</b>	<b>Suburb/Locality</b>	<b>Date</b>
1	Tuart Hill Primary School	Tuart Hill	30 August 2004
2	Helena College Senior School	Glen Forrest	23 March 2010

(b) This list of schools is based on 69 people seriously injured in 62 incidents in school zones during reduced speed limit times from 2003 to 2012. Three of these incidents resulted in two people being seriously injured, and one incident resulted in five people being seriously injured. This is a variance of five fewer people seriously injured from that reported in the supplementary information B18 from the Office of Road Safety, arising from Budget Estimates. A manual check of the data used to provide the supplementary information B18 found that five of the people who were seriously injured had been counted twice.

(c) This list of schools is based on 21 people killed in 20 incidents in school zones outside the reduced speed limit times from 2003 to 2012. One of these incidents resulted in two people being killed. This a variance of one fewer person killed from that reported in the supplementary information B18 from the Office of Road Safety, arising from Budget Estimates. A manual check of the data used to provide the supplementary information B18 found that one fatality had been counted twice.

The schools closest to the crash site and the date of the incidents were:
