Notes:

- The VET enrolment data collection is not designed to support reporting on a financial year basis, as each collection represents a stand alone calendar year snapshot of activity. The Department of Training and Workforce Development only reports validated enrolment activity at periodic intervals that reflect enrolments recorded from the start of the calendar year.
- The VET enrolment data for 2014 is not available.
- Publicly funded refers to all training funded by or through the Department of Training and Workforce Development.
