Number of receptions (Fine Default Only) excludes cases where remand warrants were current during the same prison stay.

Total number of receptions includes all receptions count (both remand and sentenced), including fine default only sentences.

Total sentenced days (Fine Default Only) counts the total number of days (or part thereof) spent under sentence for each reception, which for a fine default only reception is equivalent to the entire length of the stay.

Total sentenced days during period includes the number of sentenced days each year for all prisoners.
