2. Given the model of service provided by psychiatric hostels and the type of subsidy provided by the Mental Health Commission (MHC), hostels are not required to report waitlist figures.

The figures provided in the response to question 1 show that psychiatric hostel resident numbers have decreased from 30 June 2011 to 31 October 2014 by 7%. This is due to the closure of Rosedale Lodge and the relocation of residents to aged care facilities and other supported accommodation services.

The MHC expects the demand for psychiatric hostel placements to remain relatively stable over the next five years, with the possibility for placement numbers to decrease.
