## LEGISLATIVE COUNCIL

## C254

## QUESTION WITHOUT NOTICE (Of which some notice has been given)

## Tuesday, 17 March 2015

Hon Samantha Rowe to the Minister for Education.
I refer to staff to student ratios at the following primary schools in the Belmont electorate;

- Belmay Primary School
- Belmont Primary School
- Carlisle Primary School
- Cloverdale Education Support Centre
- Cloverdale Primary School
- Kewdale Primary School
- Redcliffe Primary School
- South East Metropolitan Language Development Centre
- Tranby Primary School
and I ask:

1. What was the ratio of staff to students at each of these schools in 2014 and what is the current ratio?
2. What was the ratio of teaching staff to students at each of these schools in 2014 and what is the current ratio?

I thank the Hon. Member for some notice of this question.

1.     - 2. I have the information for the 2014 data in tabular form and seek leave to have it incorporated into Hansard. I will provide the 2015 data on Tuesday $24^{\text {th }}$ March.

## Minister for Education

LC QWN C254

## [Tabled Paper]

As staff may take leave, retire, resign or transfer and may not be replaced immediately, staff ratios are subject to change on a daily basis. The ratios have been calculated using staff employment levels as at 17 March 2014, and student enrolments as at the February census in 2014.

| School | (1.) $*$ | $(\mathbf{( 2 . )} * *$ |
| :--- | ---: | ---: |
| Belmay Primary School | 8.84 | 15.91 |
| Belmont Primary School | 10.51 | 17.60 |
| Carlisle Primary School | 10.37 | 16.72 |
| Cloverdale Education Support Centre | 1.36 | 4.80 |
| Cloverdale Primary School | 10.60 | 16.42 |
| Kewdale Primary School | 10.70 | 17.72 |
| Redcliffe Primary School | 9.83 | 16.79 |
| South East Metropolitan Language Development Centre | 4.73 | 8.03 |
| Tranby Primary School | 7.41 | 14.70 |

* i.e. for every x.xx students there is one staff member. For example, at Belmay Primary School, there were 8.84 students for every one staff member and there were 15.91 students for every one teaching staff member.
** i.e. there were $\mathrm{x} . \mathrm{xx}$ students for every one teaching staff member.
