Question Without Notice - C1030 Supplementary Information for Q.1 - Regional Land Table

Q.1 DevelopmentWA applied 100% of the Regional Land Booster incentive (discount) across residential, industrial, light industrial, commercial and tourism for all of its developed regional land (1104 titled lots) and also applied funding support to 28 new stages currently under construction - assisting 91 regional towns. In addition to the future stages funded under Regional Land Booster, DevelopmentWA will also be progressing additional land development under business-as-usual funding allocations, such as Regional Development Assistance Program (RDAP).

All land available under the Regional Land Booster campaign can be viewed on the DevelopmentWA website at https://developmentwa.com.au/booster
