PHARMACY REGISTRATION BOARD OF WESTERN AUSTRALIA

REPORT FOR THE YEAR ENDED 30 JUNE 2021

Pursuant to Section 38 of the *Pharmacy Act 2010 (WA)*, I report hereunder on the Board's activities for the year ended 30 June 2021.

1. CONSTITUTION

The Pharmacy Registration Board of Western Australia (the Board) was established by the *Pharmacy Act 2010 (WA)* (the Act). The Board is a body corporate and exercises the powers, authorities, duties and functions imposed on it by the Act and Regulations determined from time to time.

2. GOALS

The primary goals of the Board (as reflected by the Act) are to provide for the registration of premises as pharmacies, to control such premises and pharmacy businesses and for related purposes.

3. FUNCTIONS OF THE BOARD

The Board is directly responsible to the Minister for Health for all matters relating to the administration of the Act and the *Pharmacy Regulations 2010 (WA)* (the Regulations).

The functions of the Board are:-

- (a) to advise the Minister on matters to which the Act applies;
- (b) to administer the scheme of registration under Part 4;
- (c) to monitor, and enforce, compliance with the Act;
- (d) to perform other functions that are conferred on the Board under the Act or any other Act.

4. MEMBERSHIP OF THE BOARD

Membership of the Board is prescribed under Section 5 of the Act.

The Board consists of 4 members appointed by the Minister, of whom --

- (a) three (3) are pharmacists; and
- (b) one (1) is person who has knowledge of and experience in representing the interests of consumers;

Each member of the Board is a natural person.

For the year ended 30 June 2021

5. MEMBERS OF THE BOARD

During the year ended 30 June 2021, the Board members were:

Giovanna Cecchele

Presiding Member

Dean Schulze

Deputy Presiding Member

Debra Anne Letica

Linda Keane

The Registrar is Guy Brandon. The Assistant Registrar is Sue Errington-Wood and Compliance Pharmacist is Julie Turich.

6. MEETINGS

During the year ended 30 June 2021 twelve (12) meetings were held with attendance by Board members as follows:

No. of Meetings

Attended

G Cecchele	12 of 12	
D Letica	12 of 12	
D Schulze	12 of 12	
L Keane	12 of 12	

7. REGISTRATIONS AND REGISTER OF PHARMACIES

i) Applications / notifications

The number of applications / notifications <u>received</u> for the registration of premises as pharmacies were as follows:

New Pharmacies	9
Change of ownership	54
Alterations and Additions	52
Relocation	13

Change of name (notification only) 24

In addition, 670 annual renewal applications were approved.

For the year ended 30 June 2021

7. REGISTRATIONS AND REGISTER OF PHARMACIES (cont'd)

The number of pharmacies owned by individuals, bodies corporate, friendly societies, and Preserved Companies respectively at 30 June 2021, are as follows:

Individuals:	349
Bodies Corporate:	320
Friendly Societies:	-
Preserved Companies:	1

ii) Register of registered pharmacies (Register)

The number of registered pharmacies as at 30 June 2021 is 670.

512 pharmacies (76.4%) are located in the Perth Metropolitan Area and the Peel Region and 158 (23.6%) are otherwise situated (i.e. Kimberley, Pilbara, Midwest, Goldfields, Wheatbelt, South West and Great Southern Regions).

The Board maintains a public register of premises available to be accessed at: https://www.pharmacyboardwa.com.au/index.php?page=premises register

8. FEES

The following are the current fees:-

Application Fees:

Grant of registration of premises as a pharmacy (regulation 4)	
Establishing a new pharmacy business	\$1,000.00
Relocating an existing pharmacy business	\$1,000.00
Purchasing/changing ownership of an existing pharmacy business	\$1,000.00
Renewal of registration of premises as a pharmacy (regulation 6)	\$850.00
Significant alteration to a pharmacy (regulation 14)	\$650.00
Other fees:	
Replacement of certificate of registration (regulation 7)	\$50.00
Change to information recorded in the register (regulation 9)	\$50.00
Certified copy of the register or a particular entry in the register	
(regulation 10)	\$50.00
Copy of minutes of the Board (regulation 18)	\$50.00

For the year ended 30 June 2021

9. LEGISLATION

9.1 Act & Rules

The Pharmacy Act 2010 (WA) came into effect on 18 October 2010.

9.2 State Records Act 2000 (WA)

Under Section 19 of the State Records Act 2000 (WA) the Board is required to have a Record Keeping Plan (RKP) in place. The RKP provides an accurate reflection of the record keeping program of the Board and must be complied with by the Board and its staff.

The RKP for the Board has been developed and forwarded to the State Records Commission and has been approved.

In accordance with Standard 2 Principle 6 of the State Records Act 2000 (WA):

- 1. The efficiency and effectiveness of the Board's record keeping systems are evaluated on a regular basis and will be evaluated at the time of the review of the RKP.
- 2. The Board conducts a recordkeeping training program for staff involved in records management, covering topics such as the Board's obligations under the Act, procedures regarding creation, management and disposal of records.
- 3. The efficiency and effectiveness of the record keeping training program is reviewed every 6 months.
- 4. The Board's induction program addresses employees' roles and responsibilities in regard to their compliance with the RKP.

10. GENERAL

The Board maintains its Guidelines for Plans of Registered Premises (Guidelines) covering such matters as registration requirements, franchise arrangements and ownership. These Guidelines can be accessed from the Board's website.

The Board also produces Communiques that are sent to all registered premises and other interested parties. These Communiques can also be accessed from the Board's website.

Trends and Emerging Practice

When the Act was established, its provisions were based largely on the then "standard" community pharmacy services. The Act and its supporting Regulations are prescriptive as to the requirements to be met by all pharmacies.

Six (6) areas, which include increased scope of pharmacy practice, with the greatest impact on public safety continue to be:

For the year ended 30 June 2021

- Complex compounding of pharmaceutical products.
- Immunisation services.
- Supply of Pharmaceutical Products and Services during Pandemic Events.
- Storage of scheduled medicines.
- Dose administration aid services.
- E-Scripts.

11. PENALTIES

No penalties were issued pursuant to the Act.

12. COMPLIANCE ACTIVITIES

The Board completed 82 compliance activities, including questionnaire audits and plan audits. In relation to these activities, fifty (61%) were associated with pharmacies located in the Perth Metropolitan Area and the Peel Region. Thirty-two (39%) were associated with pharmacies located in the Kimberley, Pilbara, Midwest, Goldfields, Wheatbelt, South West and Great Southern Regions.

Questionnaire audits promote the public health safety benefits of barcode scanning as part of the dispensing process and assess the suitability of:

- the storage of scheduled medicines.
- the premises, and fixtures and fittings at the premises, for the delivery of professional services associated with areas of potential public risk, such as administration of vaccines and undertaking complex compounding.

Processing replies by pharmacists with overall responsibility includes analysis of:

- the current layout of premises against the layout shown on the latest plan documents held in the Board's Register to determine if significant alterations have been made without approval from the Board, or its predecessor, the Pharmaceutical Council of Western Australia (Council). If this is determined, the Board then decides if the pharmacist with overall responsibility is required to
 - make retrospective application for significant alterations, or
 - submit new or updated plan documents that accord with its Guidelines.
- historical information held in the Register to determine if updates or corrections are required.

Due to the large number of plan documents being replaced or updated, where its Register includes plan documents that do not accord with its Guidelines, the Board has streamlined processing by conducting a plan audit before issuing an audit questionnaire.

The 82 completed compliance activities resulted in the Board:

- entering at least 49 new plan documents into it Register.
- updating, or correcting, at least 48 pieces of information held in the Register.
- receiving at least six applications for significant alterations.

For the year ended 30 June 2021

- addressing at least 64 other matters arising, including
 - education on the classification and storage of restricted Schedule 3 poisons, as prescribed under Regulation 3 and Regulation 87(2) of the Medicines and Poisons Regulations 2016 (WA), respectively.
 - the replacement of unsuitable drug cabinets and safes being used to store Schedule 8 medicines with large safes that comply with the requirements prescribed under Clause 2 of Schedule 3 of the *Medicines and Poisons Regulations 2016 (WA)*.
 - revision of the footprint of premises within a building to remove direct access to adjoining pharmacist accommodation, as required under Clause 1(a) of Schedule 1 of the Regulations.
 - revision of procedural documents associated with regional premises permitted to carry on business with and without a pharmacist on duty.
 - instances of repeated non-compliance with the Schedule 1 of the Regulations, which prescribes the minimum standards of fitness for the competent and safe practice of pharmacy (the Minimum Standards).
 - premises where the business model provides services outside of the community pharmacy model, such as those carrying on business at a premises within a hospital and a premises also licensed by the Therapeutic Goods Administration to manufacture sterile injections and large volume parenterals.
 - public access to short-term vaccination areas operating in premises that are not required to have an area for private consultation until the significant alterations are next completed, as prescribed under Regulation 13 of the Regulations.

For the authorisation and approval processes, the Board considers all documentation / information for compliance with the legislative requirements, and to the extent it is satisfied, the Board approves or authorises the application to proceed. If it is not satisfied, the Board requests further documentation / information until it can make a decision.

Physical Inspections

In addition to the Desktop Audits, and in accordance with Section 44 of the Act, the Board continues to enter and inspect pharmacies in the metropolitan area and outside of the metropolitan area, to assess compliance with the Minimum Standards though Desktop Audits are the main approach to compliance.

The Board continued to manage instances of non-compliance with the Minimum Standards by, in the public interest, imposing a condition for a period of time that enabled the pharmacist who has overall responsibility for the pharmacy business (Pharmacist with overall responsibility) to achieve compliance and develop and implement procedures, policies and protocols to promote the maintenance of compliance in a timely manner at all times.

It is noted that as part of the inspection process, the Board also:

- checks the pharmacy business is being carried on under the personal supervision of a pharmacist, as required under Section 57 of the Act;
- reviews the ownership of any other business being carried on at the pharmacy to ensure it accords with Section 59 of the Act;
- checks tobacco products are not being sold or supplied, as required under Regulation 12;
- checks the pharmacy is well lit, adequately ventilated and air conditioned, as required under Regulation 15;

For the year ended 30 June 2021

- reviews information held on the Board's Register, including the plans and specifications of the premises, to ensure it is current;
- notes participation, or not, in the Western Australian Department of Health Needle and Syringe Program 1, a harm minimisation program coordinated by the Registrar that approves the supply of approved products from pharmacies 24 hours a day, 7 days a week;
- checks the name(s) of the proprietor(s) of the pharmacy business is/are displayed at each public entrance in accordance with its Guidelines;
- checks the name(s) of the Pharmacist(s) on Duty is/are displayed in the professional services area in accordance with its Guidelines; and
- if the pharmacy is not approved to claim Australian Government subsidies for Pharmaceutical Benefits Scheme (PBS) and Repatriation Pharmaceutical Benefits Scheme (RPBS) prescription medicines, checks its *Unapproved Pharmacy Notice* is displayed in accordance with its Guidelines.

Applications

The Board considers all applications to determine whether they satisfy the legislative requirements by following authorisation and approval processes.

Annual Renewal Applications

In accordance with Section 42 of the Act, the Board approves applications to renew the registration of premises, by declaration of the Pharmacist with overall responsibility, if the information provided supports compliance with legislative requirements and the Board's Guidelines.

To streamline the Annual Renewal process for the Pharmacist with overall responsibility, questions that had previously been asked, answered and returned physically were asked, and answered, *electronically* with the Pharmacist with overall responsibility required to declare that the statements made were "true and correct". They were made fully aware of the implications of making a false declaration.

Monitoring Program

The Board continued its practice of requiring a Pharmacist with overall responsibility to participate in a Monitoring Program where it is concerned compliance with the Minimum Standards is not maintained in a timely manner.

Pharmacy Board of Australia (or AHPRA) Notifications

In the year ending 30 June 2021, the Board made no notifications to the Pharmacy Board of Australia (or AHPRA).

Summary

Compliance activities identify various matters that may be long standing or emerging as a result of Pharmacy's evolving practice to meet the needs of the public.

There continues to be differences between the records passed to the Board and the outcome of some compliance activities.

For the year ended 30 June 2021

The Board considered options to address its concerns with regards to compliance with the legislation and continues to be of the view it is preferable to use its resources to educate and work with Pharmacists with overall responsibility to achieve and maintain compliance.

13. PHARMACY PREMISES REGULATION AUTHORITIES OF AUSTRALIA

The Board continued its participation in the Pharmacy Premises Regulation Authorities of Australia (PPRAA), a forum for State and Territory pharmacy premises registering authorities whose responsibility it is to act in the public interest. Its activities are intended to allow for the consideration and potential development of a nationally consistent framework.

The present participants of PPRAA are representatives of the premises registering authorities/bodies in Australian Capital Territory, New South Wales, Northern Territory, Queensland, South Australia, Tasmania, Victoria and Western Australia.

14. ACCESS/ADMINISTRATION

The Office of the Board is located at: Level 4 130 Stirling Street PERTH WA 6000

REGISTRAR

Date: 21 December 2021

For the year ended 30 June 2021

STATEMENT BY THE REGISTRAR

I, Guy Brandon, the Registrar of the Pharmacy Registration Board of Western Australia, hereby state that in my opinion:

- 1. (a) the accompanying financial report as set out on pages 15 to 25, presents fairly the financial position of the Pharmacy Registration Board of Western Australia as at 30 June 2021 and its performance for the period ended on that date in accordance with Australian Accounting Standards-Reduced Disclosure Requirements, mandatory professional reporting requirements and other authoritative pronouncements of the Australian Accounting Standards Board; and
 - (b) At the date of this statement, there are reasonable grounds to believe that the Board will be able to pay its debts as and when they fall due and payable.
- 2. During the financial period the Board has:
 - (a) kept such accounting records as correctly record and explain its transactions and financial position;
 - (b) so kept its accounting records that true and fair accounts of the Board can be prepared from time to time; and
 - so kept its accounting records that the accounts of the Board can be conveniently and properly audited.
- 3. The accounts have been properly prepared by a competent person.

Guy Brandon - Registrar

Date: 21 December 2021

INDEPENDENT AUDITOR'S REPORT

To the members of the Pharmacy Registration Board of Western Australia

Opinion

We have audited the financial report of the Pharmacy Registration Board of Western Australia (the 'entity'), which comprises the statement of financial position as at 30 June 2021, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the Statement by the Registrar.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of the Pharmacy Registration Board of Western Australia as at 30 June 2021 and its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the *Pharmacy Act 2010 (WA)*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities* for the Audit of the Financial Report section of our report. We are independent of the entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - COVID-19 Developments

We draw attention to Note 12 (Events Occurring After the Reporting Date), in the financial report, which describes events subsequent to year end and specifically the possible effects of the future implications of the COVID-19 pandemic on the Pharmacy Registration Board of Western Australia's future financial position and performance. As set out in Note 12, no adjustments have been made to the financial report as at 30 June 2021 for the impacts of the COVID-19 pandemic. Our opinion is not modified in respect of this matter.

Information Other than the Financial Report and Auditor's Report Thereon

The members of the Board are responsible for the other information. The other information comprises the information included in the Board's annual report for the year ended 30 June 2021 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board for the Financial Report

The member of the Board are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards — Reduced Disclosure Requirements and the *Pharmacy Act 2010 (WA)* and for such internal control as the Board determines is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Board is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intend to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The Board is responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether
 due to fraud or error, design and perform audit procedures responsive to those risks,
 and obtain audit evidence that is sufficient and appropriate to provide a basis for our
 opinion. The risk of not detecting a material misstatement resulting from fraud is
 higher than for one resulting from error, as fraud may involve collusion, forgery,
 intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design
 audit procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board.
- Conclude on the appropriateness of the Board's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

DRY KIRKNESS

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements (including Australian Accounting Interpretations), other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the *Pharmacy Act 2010 (WA)*.

The financial report covers the Pharmacy Registration Board of Western Australia as an individual entity. The Board is a not-for-profit entity for the purpose of preparing financial statements.

The following is a summary of the basis of preparation and the material accounting policies adopted by the Board in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

Basis of Preparation

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, and financial assets and financial liabilities for which the fair value basis of accounting has been applied.

Accounting Policies

a) Income and Expense Recognition

Licence and application fees are brought to account as income on a time expiry basis under the accruals method of accounting.

Interest received is brought to account as income under the accruals method of accounting.

Expenses are brought to account under the accruals method of accounting in the year incurred.

b) Income Tax

The income of the Pharmacy Registration Board of Western Australia is exempt from tax pursuant to Section 24AQ of the Income Tax Assessment Act 1936 (Cth).

c) Goods and Services Tax

Revenue and expenditure is stated net of the amount of the goods and services tax (GST). The Australian Taxation Office has advised and ruled that registration fees are exempt from GST. The Board, however, pays GST on its supplies and obtains credit refunds quarterly upon lodgement of its Business Activity Statement.

d) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

For the year ended 30 June 2021

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

e) Trade and Other Payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Board during the reporting period, which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

f) Adoption of New and Revised Accounting Standards

During the current period, the Board has adopted all of the new and revised Australian Accounting Standards and Interpretations applicable to its operations which became mandatory.

The adoption of these Standards had no impact on the recognition, measurement and disclosure of certain transactions.

g) Going Concern

The Board has net assets of \$142,359 (2020: net deficiency \$10,381). The Registrar of the Board is of the opinion that the Board is a going concern for the following reason:

• The statement of financial position as at 30 June 2021 includes a significant liability relating to revenue received in advance, totaling \$569,500. This amount represents annual pharmacy renewals for the 2021-22 financial year, which are non-refundable. As a result, no amount is expected to fall due and payable. The board will raise its annual renewal fees in May and June as usual practice and expects to receive similar amounts to fund ongoing activities.

For the year ended 30 June 2021

9. **SEGMENT REPORTING**

8.

The Board operates as a statutory registration body within Western Australia.

10.	EMPLOYEES	Number
	Number of employees at balance date-	0

11. BOARD DETAILS

The principal place of business of the Board is:

Level 4 130 Stirling Street PERTH WA 6000

12. EVENTS OCCURING AFTER THE REPORTING DATE

In March 2020 the World Health Organisation declared a pandemic in relation to the COVID-19 virus. The Federal and State Governments have announced measures and guidelines to control the spread of the virus. The Board has implemented changes to continue to deliver services for the duration of the outbreak.

At the of signing this report, it was not possible to predict or reliably estimate the potential impact of COVID-19, however the Board will continue to monitor the situation going forward.

Except for the above, no other matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Board, the results of those operations or the state of affairs of the Board in future years.

COMPILATION REPORT TO THE PHARMACY REGISTRATION BOARD OF WESTERN AUSTRALIA

We have compiled the accompanying special purpose financial statement of the Pharmacy Registration Board of Western Australia (the 'entity'), which comprise the detailed income and expenditure statement for the year ended 30 June 2021. The specific purpose for which the special purpose financial statement has been prepared is to provide financial information to the members.

The Responsibility of the Board

The Board of the Pharmacy Registration Board of Western Australia is solely responsible for the information contained in the special purpose financial statement, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet their needs and for the purpose that the special purpose financial statement was prepared.

Our Responsibility

On the basis of information provided by the Board we have compiled the accompanying special purpose financial statement in accordance with the basis of accounting and APES315: Compilation of Financial *Information.*

We have applied our professional expertise in accounting and financial reporting to assist the Board in the preparation and presentation of this special purpose financial statement. We have complied with the relevant ethical requirements of APES110: Code of Ethics for Professional Accountants.

Assurance Disclaimer

Since a compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information the Board has provided us to compile this financial statement. Accordingly, we do not express an audit opinion or a review conclusion on this financial statement.

The special purpose financial statement was compiled exclusively for the benefit of the Board and members who are responsible for the reliability, accuracy and completeness of the information used to compile them. We do not accept responsibility for the contents of the special purpose financial statement. Accordingly, the special purpose financial statement is for use only in connection with that purpose and may not be suitable for any other purpose

Our compilation report is intended solely for the use of the Pharmacy Registration Board of Western Australia and should not be distributed to parties other than the Pharmacy Registration Board of Western Australia without our prior written consent.
