2021-2022 TRENDS, ISSUES AND MAJOR EVENTS

Witness Safety

The safety of all Witnesses was maintained, no compromise encountered.

Witness Compliance

There were several minor breaches throughout the last financial year. No witnesses on the SWPP breached their Memorandum of Understanding (MOU) by being arrested or incarcerated whilst in the SWPP.

Forced Witness Terminations

No witnesses were terminated during the 2021 – 2022 financial year due to breaches of their MOU.

Voluntary Termination Cases

One (1) SWPP participant voluntarily terminated from the SWPP during the reporting period. The Witness Protection Unit (WPU) maintains a working regime over operations in which participants have voluntarily withdrawn from the program after relocation. This commitment includes ensuring legal proceedings do not compromise the participant's new identity and existing identity documentation can be verified.

WPU are required to facilitate all outstanding financial reconciles as a result of assets being liquidated. Additionally, WPU co-ordinate any outstanding legal proceedings and provide security for former participants who are still considered at high risk and are required to provide evidence in court proceedings.
