Overview

Executive summary

The Western Australian Building Management Authority was established under the Public Works Act 1902 as a body corporate.

All borrowings from the Western Australian Treasury Corporation were fully repaid by 16 July 2008 and there have been no transactions since that date.

The Authority did not conduct any operational or financial activities during the year ending on 30 June 2023.

These annual financial statements were authorised for issue by the Department's Director General on 15 August 2023.

Operational structure

Enabling legislation

The Western Australian Building Management Authority was established under the Public Works Act 1902 as a body corporate.

Responsible minister

The Honourable Sue Ellery, BA MLC, Minister for Finance; Commerce; Women's Interests.

Mission

The Authority was responsible for servicing borrowings dating from the capital works program of 1984-85 and the borrowings to construct the Peel Health Campus in 1996.

The Authority held the residual borrowings from the amalgamation of the former Ministry of Housing and the Department of Contract and Management Services in 2001.

The responsibility for the Authority was transferred to the Department of Treasury and Finance (DTF) on 2 February 2009, along with the Government's 'works' function and to the Department of Finance following the split of DTF on 30 June 2011. The Authority was dormant during the reporting period ending on 30 June 2023.

Agency Performance

Report on operations

Actual results versus budget targets

The Authority does not have any actual results versus budget targets and key performance indicators for the reporting period ending on 30 June 2023. The Authority was dormant during the financial year.

Notes to the financial statements

1. Basis of preparation

The Western Australian Building Management Authority is a WA Government entity and is controlled by the State of Western Australia, which is the ultimate parent. The Agency is a not-for-profit entity (as profit is not its principal objective).

A description of the nature of its operations and its principal activities have been included in the '**Overview**' which does not form part of these financial statements.

These annual financial statements were authorised for issue by the accountable authority of the Western Australian Building Management Authority on 15 August 2023.

Statement of compliance

These general purpose financial statements are prepared in accordance with:

- 1) the *Financial Management Act 2006* (**FMA**)
- 2) the Treasurer's Instructions (**TIs**)
- 3) Australian Accounting Standards - Simplified Disclosures
- 4) where appropriate, those Australian Accounting Standards paragraphs applicable for not-for-profit entities have been applied.

The FMA and TIs take precedence over Australian Accounting Standards. Several Australian Accounting Standards are modified by TIs to vary application, disclosure format and wording. Where modification is required and has had a material or significant financial effect upon the reported results, details of that modification and the resulting financial effect are disclosed in the notes to the financial statements.

Basis of preparation

These financial statements are presented in Australian dollars applying the accrual basis of accounting and using the historical cost convention. Certain balances will apply a different measurement basis (such as the fair value basis). Where this is the case the different measurement basis is disclosed in the associated note. All values are rounded to the nearest thousand dollars (\$'000).

Accounting for Goods and Services (GST)

Income, expenses and assets are recognised net of the amount of goods and services tax (GST), except that the:

- (a) amount of GST incurred by the Agency as a purchaser that is not recoverable from the Australian Taxation Office (ATO) is recognised as part of an asset's cost of acquisition or as part of an item of expense; and
- (b) receivables and payables are stated with the amount of GST included.

Cash flows are included in the Statement of cash flows on a gross basis. However, the GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

Contributed equity

Interpretation 1038 *Contributions by Owners Made to Wholly-Owned Public Sector Entities* requires transfers in the nature of equity contributions, other than as a result of a restructure of administrative arrangements, as designated as contributions by owners (at the time of, or prior to, transfer) be recognised as equity contributions. Capital appropriations have been designated as contributions by owners by TI 955 *Contributions by Owners made to Wholly-Owned Public Sector Entities* and will be credited directly to Contributed Equity.

Comparative Information

Except when an Australian Accounting Standard permits or requires otherwise, comparative information is presented in respect of the previous period for all amounts reported in the financial statements. AASB 1060 provides relief from presenting comparatives for:

- Properly, Plants and Equipment reconciliations
- Intangible Asset reconciliations; and
- Right-of-Use Asset reconciliations

Judgements and estimates

Judgements, estimates and assumptions are required to be made about financial information being presented. The significant judgements and estimates made in the preparation of these financial statements are disclosed in the notes where amounts affected by those judgements and/or estimates are disclosed. Estimates and associated assumptions are based on professional judgements derived from historical experience and various other factors that are believed to be reasonable under the circumstances.
