

BUS ROUTE CHANGES

7585. Dr A.D. Buti to the Minister for Transport

What changes occurred on the 249, 250 and 251 bus routes during the 2009 calendar year, and when was each route changed, and what was the reason for the changes?

Mr T.R. BUSWELL replied:

The Public Transport Authority advises:

The Liberal–National Government is committed to the ongoing efficiency and expansion of the network.

Changes to Routes 249, 250 and 251 were introduced on the 31 May 2009. The changes involved adjustments to running times of the services due to increased traffic congestion and changes in patronage loadings.
