

LOCAL GOVERNMENT — CAMMS RELATIONSHIP

**133. Mr D.A. Templeman to the Minister for Local Government:**

In relation to the Shire of Kalamunda, City of Melville and the City of Bunbury:

- (a) has the Chief Executive Officer, members of the executive or any other staff member any links, relationship, dealings or interest with the company known as CAMMS prior to and during the procurement of CAMMS products; and
- (b) if yes, which member/s of staff, and what was the nature of the involvement?

**Mr A.J. Simpson replied:**

- (a) I am not aware of any links, relationship, dealings or interest current staff at the Cities of Melville and Bunbury may have with CAMMS. Local governments are autonomous bodies and matters relating to staffing rest with each individual local government. However, the Department of Local Government received complaints about the relationship between the Shire of Kalamunda and CAMMS and referred the matter to the Corruption and Crime Commission (CCC).
- (b) As the Shire of Kalamunda matter has been referred to the CCC, it would not be appropriate to provide comment on the matter.
