

REGISTERED PAEDOPHILES - NOTIFICATION TO DEPARTMENT FOR COMMUNITY  
DEVELOPMENT

**811. Mr P.D. OMODEI to the Minister for Community Development:**

Given the minister's non-answer, will he make sure that the DCD staff are given information regarding individuals who are on the Australian National Child Offender Register when there is a risk that these individuals may abuse children? Will the minister provide that information?

**Mr D.A. TEMPLEMAN replied:**

I will do everything within my statutory power as minister to ensure that the appropriate and necessary information is delivered to whoever needs it so that they can act and take the appropriate action to ensure the protection of children in this state.
