4342. Mr A. Krsticevic to the Minister for Culture and the Arts:

I refer to the Department of Local Government, Sport and Cultural Industries 2017–18 Annual Report that identifies process weaknesses resulting in the inability to list the cost per service for the State Records Office, and ask:

- (a) is this a result of resource limitations within the State Records Office (SRO);
- (b) do resource limitations present a risk to the SRO's ability to provide information management and archival services;
- (c) what is the Minister and/or his department doing to fix the resources problem in the State Records Office:
 - (i) please list the measures; and
- (d) by failing to report the State Records Office Efficiency Indicator is the department non-compliant with the Under Treasurer's requirements as per the Auditor General's statement:
 - (i) what actions has the Minister, his ministerial staff or department staff taken to correct the situation?

Mr D.A. Templeman replied:

- (a) No.
- (b)–(c) Not applicable.
- (d) Yes.
 - (i) The SRO has implemented policies, procedures, systems and reporting to ensure appropriate governance of SRO KPIs and compliance requirements.
