

FREMANTLE RAIL LINE — INTERRUPTIONS

2127. Ms S.F. McGurk to the Minister for Transport:

- (1) Are there plans to build a sub-station capacity on the Fremantle rail line so that scheduled or unscheduled interruptions which occur on part of the line does not result in whole line closures?
- (2) Is there a budget allocation for that work, and what is it?
- (3) If the work is planned, when is it scheduled to commence?

**Mr D.C. Nalder replied:**

- (1) Yes.
- (2) Yes, \$37.2m.
- (3) Works have already commenced.
