

PARENT SUPPORT PROGRAMS

332. Ms S.F. McGURK to the Minister for Community Services:

I have a supplementary question. Can the minister guarantee that there will be no reduction in parenting support advice, or have WA parents been pushed aside as a result of this government's nosebleed levels of debt?

Mr A.J. SIMPSON replied:

The government is fully committed to supporting families and parents in Western Australia. There is a commitment in the budget of \$3.5 million to go back into the non-profit sector to make sure we support family services throughout Western Australia.
