

HON PAUL BROWN — VEHICLE SIGNAGE

650. Mr D.A. TEMPLEMAN to the Leader of the National Party:

I have a supplementary question. Can the Leader of the National Party confirm that that will be at the member's own expense?

Mr B.J. GRYLLS replied:

My understanding is that if the department makes a ruling on this, all signage on vehicles will need to be removed. Given the interest in this issue, I looked into the car park today and there are many more cars than just Hon Paul Brown's that have magnetic signs on the side; I assume that a bumper sticker could also be regarded —

An opposition member interjected.

Mr B.J. GRYLLS: Well, you are saying that. We will just find out. As I said, the moment that we are instructed to remove it, it will be removed by Hon Paul Brown. My understanding of the wrap is that if you put your fingernail under it and peel it off, it comes straight off.

Several members interjected.

The SPEAKER: Member for Mandurah, it is finished!

Mr D.A. Templeman interjected.

The SPEAKER: Member for Mandurah!
