

ROADS — VISTA ESTATE - TRAFFIC LIGHTS

3972. Mr D.A. Templeman to the Minister for Transport:

I refer to the current development of the “Vista Estate” north of Mandurah in the City of Rockingham and ask:

- (a) what is proposed at the intersection into this development with Mandurah Road with regards to traffic lights; and
- (b) if traffic signals are proposed when will these be installed and operational?

Mr D.C. Nalder replied:

- (a) Access into the Vista Estate will be achieved by connecting to the existing Mandurah Road and Singleton Beach Road intersection to create a new four way traffic signalised intersection.
- (b) The developer has indicated that the reconfigured traffic signals at Mandurah Road and Singleton Beach Road will be operational by late May / early June subject to construction works proceeding to schedule.
