

TOTAL WASTE MANAGEMENT FACILITY, KALGOORLIE-BOULDER

1905. Mr M.J. Birney to the Minister for the Environment

Does the Government plan to move the waste dump ponds at the Total Waste Management facility in Kalgoorlie-Boulder to alleviate odour problems, and if so when will this be done?

Mr D.A. TEMPLEMAN replied:

The Government has agreed to fund the relocation of the Waste Treatment Ponds. This will be progressed once the Government makes a final decision on the Hazardous Waste Precinct Project.
