

GERALDTON TRANSPORT CORRIDOR, FUNDING

433. Hon G.T. GIFFARD to the Minister for Transport:

I refer to the estimated \$87m cost of the Geraldton transport corridor and ask -

- (1) Has funding been provided for the full \$87m cost? If so, by when and by which departments?
- (2) Has funding been provided for the redevelopment of the Geraldton foreshore?
- (3) If yes, how much has been provided and by which department?

Hon M.J. CRIDDLE replied:

I thank the member for some notice of this question.

- (1) Main Roads WA has provided funding for the road component over the financial years 1999-2000 to 2003-04. Westrail will provide funding for the rail component from the sale of surplus assets.
- (2) No.
- (3) Not applicable.
