

FAMILY COURT — STAGE ONE PUBERTY BLOCKER TREATMENT

891. Hon Nick Goiran to the parliamentary secretary representing the Attorney General:

I refer to orders made by the Family Court for the commencement of Stage one puberty blocker treatment in children, and I ask:

- (a) how many such orders have been made in each of the last five years; and
- (b) what is the breakdown by Family Court judicial officer of the number of orders made in each of the last five years?

Hon Matthew Swinbourn replied:

- (a)–(b) A total of eight orders have been made in the past five years. A breakdown of the numbers per year and by judicial officer will not be provided due to patient confidentiality.
