

ELLENBROOK RAIL LINE

888. Hon KEN TRAVERS to the parliamentary secretary representing the Minister for Transport:

I refer to the Minister for Transport's claim that an Ellenbrook rail line would generate 10 000 daily trips on the rail network in 2031.

- (1) What was the estimated population catchment of the Ellenbrook rail line in 2031 that this figure is based on?
- (2) How many stations was it assumed that the Ellenbrook rail line would have, and at what locations?
- (3) What are the estimated daily boardings in 2031 at each station on the Ellenbrook rail line?
- (4) How many daily trips is the Ellenbrook bus rapid transit expected to generate in 2031?

Hon JIM CHOWN replied:

I thank the honourable member for some notice of the question. It is not possible to provide the information in the time available. I request that the member place the question on notice.
