

COAL TRUCK MOVEMENTS

523. Hon JIM SCOTT to the parliamentary secretary representing the Minister for Planning and Infrastructure:

- (1) Is the minister aware of a proposal to truck over 100 000 tonnes of coal from Collie to the Tiwest refinery at Chandala near Muchea?
- (2) Will the proposal mean an additional 100 truck movements each day through Collie and areas to the north?
- (3) How does the proposal fit with the State Government's attempts to transfer road freight to rail?

Hon KEN TRAVERS replied:

I thank the member for some notice of this question. The member is requested to place the question on notice.
