

KWINANA, PORT DEVELOPMENT

53. Hon J.A. SCOTT to the Minister for Transport:

- (1) At what stage is the development of the new private port at Kwinana?
- (2) Has a design for the port been approved?

Hon M.J. CRIDDLE replied:

- (1)-(2) The port development is a private operation. I understand that its proponents are dealing with some landowners in the area with a view to the purchase of the land. There is an outline and design of the port. If Hon Jim Scott would like to ask for further details, I am prepared to accede to that request.
