

LUDLOW TUART FOREST, TABLING OF AGREEMENT

378. Hon Jim Scott to the Minister for Housing and Works representing the Minister for the Environment and Heritage

Further to question on notice No. 294 of November 2002 regarding Cable Sands, the National Trust Australia (WA) and the issue of the Ludlow Tuart Forest -

- (1) Will the Minister table the agreement reached between Cable Sands and the National Trust Australia (WA) over the Ludlow Tuart Forest issue?
- (2) Will the Minister outline the agreement reached between Cable Sands and the National Trust Australia (WA) over the Ludlow Tuart Forest issue?

Hon TOM STEPHENS replied:

- (1)-(2) Not appropriate. If there is an agreement between both of these organisations then I would suggest the Member himself approach those organisations to get a copy of their agreement.
