

BALINGUP BOWLING CLUB — LIBERAL PARTY ELECTION PROMISE

438. Mr M.P. Murray to the Premier

Prior to the State election in 2008, the Liberal Party made an election promise to allocate \$150,000 to the Balingup Bowling Club to fund the construction of their synthetic green. In relation to that commitment I ask:

- (a) does the government intend to honour this election commitment;
- (b) when will the funds be forthcoming to this group; and
- (c) is the Premier aware that the bowling club has problems with water supply and salt intrusion?

Mr C.J. BARNETT replied:

- (a) The Minister for Sport and Recreation wrote to the Balingup Bowling Club in February 2009 confirming the commitment will be made available primarily through the Community Sporting and Recreation Facilities Fund (CSRFF).
- (b) The funds will be made available following an assessment of the project by the Department of Sport and Recreation and consistent with CSRFF guidelines.
- (c) The Department of Sport and Recreation will take this into consideration in their assessment of the project.
