

PERTH STADIUM — PEDESTRIAN BRIDGE

Question without Notice 823 — Answer Advice

HON JIM CHOWN (Agricultural — Parliamentary Secretary) [5.07 pm]: Yesterday I found the response to the question asked by Hon Martin Pritchard to be inadequate. Today I have a response that is more in the design of the house —

- (1) No. Design documentation is progressing and only once this is complete can the contractor finalise procurement details. The location of where structural elements will be fabricated has therefore not been finalised.
- (2) As stated in the response provided on Wednesday, 17 June 2015, local suppliers will be given equal opportunity to tender for the work.
