

RAILWAY (JANDAKOT TO PERTH) BILL 2002, URGENT

74. Mr R.F. JOHNSON to the Leader of the House:

I regret having to ask a supplementary question. I do not normally ask them. Will the Leader of the House not accept that he has broken a convention of many years standing of this Parliament by bringing on legislation and threatening to ram it through while the lead speaker on this side of the House is absent on parliamentary duties?

Mr J.C. KOBELKE replied:

When the member understands what a parliamentary convention is, I might be able to answer the question.
