

TRANSPORT DEPARTMENT, MR NEIL WINZER

1792. Hon Jim Scott to the Parliamentary Secretary representing the Minister for Planning and Infrastructure
Further to Question on Notice No. 1530 -

Will the Minister table documentation showing that the employees of the Department of Transport, and in particular, Mr Neil Winzer, were advised that the fundamentals of the EBA would not be implemented?

Hon KEN TRAVERS replied:

The Member appears to have misunderstood the response to Question on Notice No. 1530. While some milestones of the EBA were not achieved due to organisational changes, it is incorrect to state that the fundamentals of the EBA were not implemented.
