

WOODMAN POINT-SOUTH FREMANTLE COASTLINE, ZONING

211. Hon Jim Scott to the Parliamentary Secretary representing the Minister for Planning and Infrastructure

In the 1987 document, 'Coogee Beach - What a Brilliant Future', produced by the then Deputy Premier's office, it notes that the coastline from Woodman Point to South Fremantle should be zoned Parks and Recreation -

- (1) Has the Minister read this document?
- (2) Does the Minister agree with this statement?
- (3) If not, why not?

Hon GRAHAM GIFFARD replied:

- (1) The Minister is aware of the document.
- (2)-(3). The Coogee Redevelopment Agreement between the State Government and the City of Cockburn signed by the Hon. David Parker in 1988 and the Coogee Master Plan released (1993), identified the potential for a marina and associated resort and commercial facilities along the coastline in South Coogee. The intentions contained within those reports were subsequently formalised in the Port Catherine Project Agreement 1997 and 2000. Planning for Port Catherine will result in a break in the parks and recreation reserve.
