

MARINE SERVICES PRECINCT, FUNDING PROCESS

879. Hon MURRAY CRIDDLE to the Minister for the Midwest and Wheatbelt:

- (1) Can the minister indicate at what stage in the funding process is the application for the marine services precinct and associated 200-tonne boat lifter?
- (2) At what date will an announcement be made on the state government's contribution to this project?

Hon KIM CHANCE replied:

I thank Hon Murray Criddle for providing me with some notice of the question.

- (1)-(2) I am currently preparing a formal proposal for consideration by government in the budget process. The announcement will be made after the government has considered that submission.
