

MR NEIL WINZER, PUBLIC INTEREST CLAIM

**1647. Hon JIM SCOTT to the parliamentary secretary representing the Minister for Planning and Infrastructure:**

In light of the response to question on notice 541, which was provided in May 2002, I ask -

Will the minister table documents that the Department for Planning and Infrastructure says exist but which Mr Neil Winzer says do not exist in regard to his public interest claim which showed that -

- (a) neither the department, the staff nor the public were advised of the abandonment of the 1995 enterprise bargaining agreement; and
- (b) no officer at any time addressed Mr Winzer's public interest claim or the evidence he offered in support?

**Hon KEN TRAVERS replied:**

I have not yet received an answer to the question from the minister's office. If I receive the answer before the end of question time, I will raise it. If not, I will table it when I do receive it.
