

INDUSTRIAL ZONING, MID WEST

126. Hon MURRAY CRIDDLE to the parliamentary secretary representing the Minister for Planning and Infrastructure:

- (1) Has the minister finalised the report on industrial zoning in the mid west?
- (2) When will the report be public?
- (3) Has the minister identified a preferred site and time frame for the development of roads, water and power supplies?
- (4) What is the preferred site?

Hon ADELE FARINA replied:

I thank the member for some notice of this question.

- (1) No.
- (2) The report will be finalised in May and will be presented to the Western Australian Planning Commission at the earliest opportunity before being forwarded to the minister.
- (3)-(4) No. The minister will need to receive the report and recommendations before being able to make that decision.
