

FORESTS AND PLANTATIONS — BASE STUMPAGE FIGURES

261. Mr M.P. Murray to the Minister for Forestry

Will the Minister please provide a list of the base stumpages for all species and grades of logs from,

- (a) native forests; and
- (b) plantations sold by the Forest Products Commission as of 1 July 2008?

Mr D.T. REDMAN replied:

- (a)-(b) The Forest Products Commission has submitted the attached tables in response to the above.
[See paper No 527.]

Please note that just quoting base stumpage figures will not give an indicative price per tonne paid by FPC's customers. Consequently the tables also include a weighted mean delivered cost for each product on the schedules.
