

PERTH FREIGHT LINK — ROE HIGHWAY

**796. Hon SAMANTHA ROWE to the parliamentary secretary representing the Minister for Transport:**

I refer to section 3 of the Perth Freight Link project, which includes a new bridge and the widening of Roe Highway between Tonkin Highway and Orrong Road.

- (1) What is the total cost of this section of the project and is it funded as part of the announced cost?
- (2) Will this section be included in the contract for stage 1 or stage 2 of project?
- (3) If yes to (2), which stage?
- (4) When will section 3 construction commence and what is the expected completion date of section three?

**Hon JIM CHOWN replied:**

I am a little confused at this stage, because I do not have an answer in my section, but it looks very similar to the answer that I gave previously. I will get back to the member in regard to the matter.

**The PRESIDENT:** I have heard before the same answer to different questions.
