

GOODS AND SERVICES TAX, ADDITIONAL FEES AND CHARGES

**684. Mr RIPPER to the Minister assisting the Treasurer:**

I refer to the minister's self-proclaimed responsibility for goods and services tax implementation in state agencies and his promise a fortnight ago to provide me with information on additional state fees and charges which will be subject to the goods and services tax, and ask -

- (1) Why has the minister not provided the information?
- (2) When will the public be advised of the other state fees and charges which will be subject to the GST?

**Mr KIERATH replied:**

- (1)-(2) I believe I referred the member to the Treasurer for an answer.

Mr Ripper: No.
