

AUBIN GROVE TRAIN STATION

49. Hon KEN TRAVERS to the parliamentary secretary representing the Minister for Transport:

- (1) Can the minister explain why it cost \$11 300 for the graphic of the Aubin Grove train station when the cost of three graphics and two animations for the proposed Ellenbrook rapid transit was only \$5 386.50?
- (2) Has the Public Transport Authority completed the master plan for the Aubin Grove train station?
- (3) If yes to (2), will the minister table it?
- (4) If no to (2), when does the minister expect it will be completed?

Hon JIM CHOWN replied:

I thank the honourable member for some notice of this question.

- (1) It was a stand-alone graphic, which therefore affects price relative to a package of graphics. The cost for the Aubin Grove graphic is broadly consistent with the costs incurred for similar work produced for the previous Labor government for the Mandurah rail line project if those costs were escalated.
- (2) No.
- (3) Not applicable.
- (4) The PTA anticipates that the master plan will be available for the minister's consideration mid-2014.
