

KING EDWARD MEMORIAL HOSPITAL — INFANT SURVIVAL RATES

788. Hon NICK GOIRAN to the Leader of the House representing the Minister for Health:

I refer to the world-class health care provided at King Edward Memorial Hospital to infants born at less than full-term gestation. Have any infants survived when born at 22 weeks, 23 weeks, 24 weeks or 25 weeks?

Hon SUE ELLERY replied:

I thank the honourable member for some notice of the question.
