

CITY OF STIRLING SINGLE BIN RECYCLING SYSTEM

1112. Hon J.A. SCOTT to the minister representing the Minister for the Environment and Heritage:

In regard to the City of Stirling single bin recycling system, I ask -

- (1) What proportion of each type of recyclable material, such as paper or cardboard, plastics and metals, is retained from the waste stream?
- (2) What proportion is disposed of at the property at Calingiri?
- (3) Is the Calingiri property licensed to accept these wastes; and, if so, when was the licence issued?
- (4) Does the Atlas Group Pty Ltd or the City of Stirling receive a bounty or levy on waste deposited on the property at Calingiri; and, if so, how much?

Hon TOM STEPHENS replied:

I thank the member for some notice of this question.

- (1)-(4) The Minister for the Environment and Heritage has advised that the Department of Environmental Protection requires more time to respond to the question, as the department needs to refer to reports provided by the City of Stirling on the single bin recycling system. I therefore request that the question be placed on notice.
