

BREASTSCREEN WA — BUNBURY

446. Hon NEIL THOMSON to the Leader of the House representing the Minister for Health:

I refer to the BreastScreen WA clinic in Bunbury.

- (1) Is the clinic being relocated from its current premises inside St John of God Hospital?
- (2) If yes to (1), where will the clinic be relocated to and what type of accommodation will be provided?
- (3) Will the clinic remain a permanent clinic?
- (4) Will the full range of services currently available at the clinic still be available after the relocation?

Hon SUE ELLERY replied:

I thank the honourable member for some notice of the question.

- (1) At this point in time, no; however, St John of God Hospital has requested that BreastScreen WA find alternative accommodation.
- (2) North Metropolitan Health Service is currently looking for a new facility to ensure the provision of contemporary models of care to the community.
- (3) Yes.
- (4) Yes.

I do not know whether that makes sense, if it is North Metro. I am going to check that bit of the answer.
