

VOLUNTARY ASSISTED DYING — ANNUAL REPORT — COMMUNITY OF PRACTICE

1161. Hon Nick Goiran to the Leader of the House representing the Minister for Health:

I refer to page 31 of the *Voluntary Assisted Dying Board Western Australia Annual Report 2021–22* that states ‘[t]he Community of Practice is an informal collegial group’ that ‘is composed of health practitioners who have completed the WA VAD Approved Training and staff from the Statewide Care Navigator Service and Statewide Pharmacy Service’; and I ask, how many health practitioners who have completed the WA VAD Approved Training are members of the Community of Practice?

Hon Sue Ellery replied:

53 (as of 12 December 2022).
