

HEALTH — CHILD VACCINATION

754. Ms L. Mettam to the Minister for Health:

I refer to WA's Health System's childhood immunisation program and I ask:

- (a) In each of the following years what percentage of Western Australian children were fully vaccinated at 12 months, 2 years and 5 years:
- (i) 2018;
 - (ii) 2019;
 - (iii) 2020;
 - (iv) 2021; and
 - (v) 2022?

Ms A. Sanderson replied:

- (a) (i)–(v) Percentage of Western Australian children fully vaccinated at 12 months, 2 years and 5 years from 2018 to 2022*.

Year	12 Months	2 Years	5 Years
2018	93.43	89.63	93.20
2019	93.71	90.06	93.55
2020	94.47	91.44	94.13
2021	93.97	91.79	93.88
2022	93.48	91.02	93.26
